269			Methylisothiocyanate (resulting from the use of dazomet or metam)
269		0152000	The European Food Safety Authority identified some information on residue trials on metam as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
269		0213000	The European Food Safety Authority identified some information on residue trials on dazomet including analysis of parent and metabolites convertible to N, N"-dimethylthiourea (DMTU) and toxicological data on DMTU as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
269		0213010	The European Food Safety Authority identified some information on residue trials on dazomet including analysis of parent and metabolites convertible to N, N"-dimethylthiourea (DMTU) and toxicological data on DMTU as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
269		0213020	The European Food Safety Authority identified some information on residue trials on dazomet including analysis of parent and metabolites convertible to N, N"-dimethylthiourea (DMTU) and toxicological data on DMTU as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
269		0213030	The European Food Safety Authority identified some information on residue trials on dazomet including analysis of parent and metabolites convertible to N, N"-dimethylthiourea (DMTU) and toxicological data on DMTU as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
269		0213040	The European Food Safety Authority identified some information on residue trials on dazomet including analysis of parent and metabolites convertible to N, N"-dimethylthiourea (DMTU) and toxicological data on DMTU as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
269		0213050	The European Food Safety Authority identified some information on residue trials on dazomet including analysis of parent and metabolites convertible to N, N"-dimethylthiourea (DMTU) and toxicological data on DMTU as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
269		0213060	The European Food Safety Authority identified some information on residue trials on dazomet including analysis of parent and metabolites convertible to N, N"-dimethylthiourea (DMTU) and toxicological data on DMTU as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
269		0213070	The European Food Safety Authority identified some information on residue trials on dazomet including analysis of parent and metabolites convertible to N, N"-dimethylthiourea (DMTU) and toxicological data on DMTU as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

- 269 0213080 The European Food Safety Authority identified some information on residue trials on dazomet including analysis of parent and metabolites convertible to N, N"-dimethylthiourea (DMTU) and toxicological data on DMTU as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
- 269 0213090 The European Food Safety Authority identified some information on residue trials on dazomet including analysis of parent and metabolites convertible to N, N"-dimethylthiourea (DMTU) and toxicological data on DMTU as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
